JOURNEY WITH REFRESHING AIR

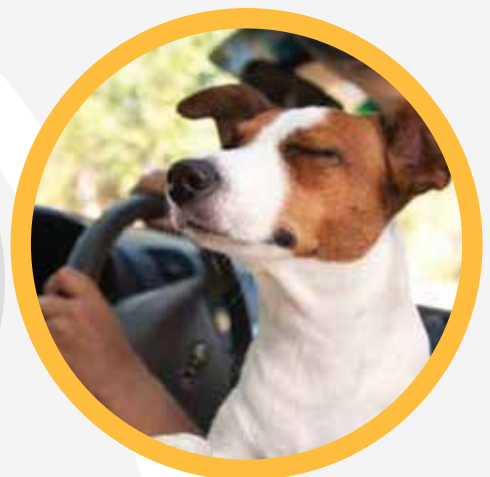

What is **Ionmat**?

Ionmat was created to address air pollution in a vehicle cabin. The revolutionary **Ionmat** fills the interior of your vehicle with a sea of health inducing negative ions, enabling you and your family to enjoy every car ride with health, refreshing air.

The **Ionmat** car mat recreates the health giving benefits of Mother Nature with modern technology by infusing the car mat with tourmaline to produce an endless supply of negative ions. **Ionmat** car mat release up 1,200cm³ in a vehicle cabin effectively filling your car cabin with a sea of negative.

Ionmat effectively neutralizes positively charged ion (cations), removes odor, purifies the air and inhibits bacterial growth. Driver and passengers will feel refreshed and energized, as you would feel on a trip to the mountain, forest or seaside.

The **Ionmat** car mat are made out of natural rubber compound, filling with the high efficient ceramic chips infused using nano technology ultrafine Tourmaline mineral stone.

HIGH QUALITY DESIGN

WATERPROOF

CONTAINMENT DESIGN

Design to easily trap water, road salt, mud, sand fluids and debris.

WATERPROOF

Impervious to water you will have no problems with mold.

FULL RIDGE

Fully support, with not crack, curl or harden regardless of temperature.

NEGATIVE ION

It effectively neutralizes positively charged ion (cations), removes odor, purifies the air and inhibits bacterial growth.

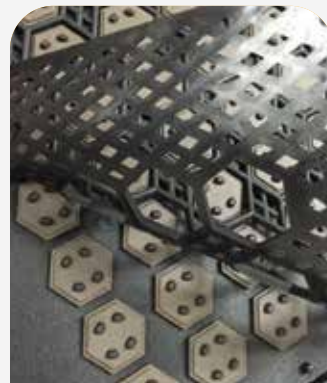

ANTI-SKID

Anti-skid properties so the mat stays in position to prevent shifting.

EASY TO INSTALL

Easily cut to give a customized fit inside any vehicles.

EASY TO CLEAN

A cleverly designed double groove structure simply remove the upper mesh layer for quick and easy cleaning

BENEFITS OF IONMAT

Here are just some of the many benefits you enjoy when using the **Ionmat** car mat:

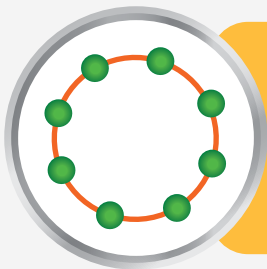

Purifies air

Ionmat produces substantial amount of negative ions (release up 1,200cm³) to counteract unhealthy positive ions (cations) inside your car to help purify the air inside.

Removes harmful airborne toxins

Negative ions can decompose harmful pollutants such as formaldehyde, benzene, etc. This will help improve oxygen intake of a driver, thus increasing mental alertness, which is particularly important when driving long distances.

Antioxidant

Ionmat's negative ions possess antioxidant properties that enhance our body's ability to combat free radicals. Antioxidants help to improve cell functions, protecting our bodies against cell damage; a major benefit of which is slowing down the ageing process.

Eliminates undesirable odors

The negative ions emitted by **Ionmat** attracts and neutralizes the molecules of undesirable odors to produce a refreshing environment inside your car.

Reduces of harmful VOCs (Volatile Organic Compounds)

Ionmat VOC is an major pollutant. Such harmful volatile substances widely found in volatile gases form furniture, decoration materials, household appliances and detergents, especially in the new car, the high content of VOC is even more alarming.

Antibacterial

Negative ions produced by Ionmat can retard bacterial growth and reduce the possibility of airborne infections.

THE BENEFITS OF NEGATIVE IONS

Conditions of the environment	Concentrations of negative ions in air (per cm ³)	State of health
Factory with workers	0-50	May cause a variety of diseases
Indoor city area	60-150	Easily induces physiological disorders
Street with surrounding green trees	200-500	On the edge of physiological disorders
Urban park areas	500-1000	Maintains basic needs for human health
Outdoor / open field	1000	Strengthens the immune system of human body
High mountain areas	1000-2000	Kills bacteria, eliminate undesirable odours and reduces the spread of diseases.
Forest	2000-3000	Facilitates natural healing
Waterfall	5000	Has natural healing properties

Ionmat creation was inspired by the nature that excluding hazardous substances and bacteria to bring you and your family a fresh, natural and healthy cabin.

Ionmat has undergone rigorous testing to prove its performance in various independent laboratories to assure the performance of the products.
